

G R O U P
More Than Just a Payroll System

Employer Services Group's Integrated Payroll Solution is unique in that critical functionality operates under one platform.

A simple way to integrate payroll processing, time and attendance, human resources information, benefits administration and your Workers Compensation policy.

An Integrated Payroll and Human Resources Solution

Employer Services Group's Integrated Payroll and Human Resource on-line solution is designed to be the most flexible in the market while providing the functionality of the most expensive in-house payroll and human resource systems

Employer Services Group's Integrated Solution's online services are unique in that everything operates from one integrated platform.

This means your payroll, time and attendance, benefits and HR information is stored and accessed from one database maximizing your ability to communicate with your accounting, POS, or cost accounting systems.

Who we serve

WE serve businesses of all sizes who want a more efficient and less expensive way to manage key payroll and HR responsibilities including: payroll processing, employee time and attendance, benefits administration, pay as you go workers compensation, 401k and human resource information management.

Our software platform is web-based providing you online access to your payroll and benefits information anytime and from anywhere with a secured Internet connection.

Our highly trained and dedicated payroll, human resources and benefits professionals provide you with personal service and the right expertise every time you call.

Simple access your employee data.

Our state of the art **on-line** 'real time' technology outperforms the most popular Internet payroll companies.

We provide businesses of all sizes a more efficient, functional and less expensive way to manage payroll, time & attendance, benefit and HR processes.

Why Companies Switch to Employer Services Group

"After you have tried the rest you finally found the best", our clients switch to us from the largest payroll providers in the U.S. and they don't switch back. They like our personal touch, our responsiveness to their needs and the value and accuracy of a payroll system paying over 2 million employees every year.

Our online payroll and HR solutions are simple to convert to and there is never any software to purchase or upgrade or payroll servers to maintain.

Our customers receive the most cutting edge payroll and HR software features on the market with instant updates at no additional charges.

Simple and Painless conversion process

Switching is easy. Our payroll professionals do all of the work involved by transferring your information into our system and having you ready to start your first payroll in 5 business days or less. Payroll audit and on-site training will ensure our success.

Personal Service Guaranteed

Count on your personal payroll professional

When you call Employer Services Group you will talk to your dedicated payroll professional or backup professional who are trained to know your payroll. You receive live help from your professional when you call for your entire payroll, payroll tax and software related questions.

Receive help when you need it

Employer Services Group customers can count on getting the answers to their questions when they call. For off-hour inquiries we have a comprehensive online help center that can guide you through our software and payroll processes.

Become another reason for Employer Services Group's retention rate

It's the personal attention that drives Employer Services Group's customer loyalty. Employer Services Group consistently delivers on its promise of a superior product, value-added cost savings and the integrated services you need to run you're most important asset.
